**Notes:**

Data compiled by the Children's Defense Fund - California on September 14, 2016  
 Extreme child poverty is defined as below 50% of the federal poverty line.

Children's Defense Fund - California calculated data based on the ratio of income to poverty level.

Data for certain counties was not available at the time of publication including data for Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Inyo, Lassen, Mariposa, Modoc, Mono, Plumas, San Benito, Sierra, Siskiyou, Tehama, Trinity, and Tuolumne.

Red indicates that the county's rate is higher than the state's rate for that time period. Green indicates that the county's rate is lower than the state's rate for that time period. Note that these do not reflect statistically significant differences. Additional information regarding methodology and the dataset can be found on the American Community Survey website.
